MEMORANDUM

TO: Directors, State Vocational Rehabilitation Agencies

FROM: Edward Anthony, Ph.D.
Delegated the authority to perform the functions of the Commissioner of
Rehabilitation Services Administration

SUBJECT: The American Recovery and Reinvestment Act of 2009 Vocational
Rehabilitation Services Grants to States

Enclosed is your State's April 2009 Vocational Rehabilitation (VR) State Grants program grant award under the American Recovery and Reinvestment Act of 2009 (ARRA). The enclosed award represents fifty percent (50%) of your State's award under the ARRA VR State Grants award (VR ARRA funds). These funds are provided in accordance with section 807 of the ARRA, which allows the Secretary to award these ARRA funds on the basis of eligibility determinations made for fiscal year (FY) 2009 for the VR State Grants program and your provision of the certification required by section 1607 of the ARRA. The effective date of the grant award transmitted with this memo is February 17, 2009. Acceptance by your State of this grant award constitutes an agreement by the State to comply with the conditions in Attachment A and Block 10 on the enclosed Grant Award Notifications. Please note that as part of your application for FY 2009, your State made an assurance, as required by 34 CFR §80.11(c), that it will comply with all applicable Federal statutes and regulations in effect with respect to the periods for which it receives grant funding.

It is important to note that the VR ARRA grant is a supplemental appropriation to the annual VR State Grants award. These funds are being allocated to state VR agencies under the program's regular allotment formula.

The remaining 50% of your State's VR ARRA funds will be available to your State by September 30, 2009. As detailed in Attachment A, States are required to track and account for the VR ARRA funds separately from the regular VR grant award funds. In order to receive the

remaining funds, your State will need to submit, for review and approval by the Department, additional information that addresses how the State will meet the accountability and reporting requirements in section 1512 of the ARRA. The second half of the award will be made by September 30, 2009 upon approval of the State's recordkeeping and reporting submission. The Department will issue specific guidance for preparing and submitting this recordkeeping and reporting information and other guidance governing ARRA funds in the coming weeks.

This one-time large increment in VR funding offers States a unique opportunity to improve employment outcomes for individuals with disabilities, especially those with the most significant disabilities. We appreciate your ongoing commitment to the provision of quality VR services to individuals with disabilities and look forward to working with you in creating long-lasting reform to improve employment outcomes for individuals with disabilities.

For additional information on the ARRA, please visit the Department's Web site at <http://www.ed.gov/policy/gen/leg/recovery/index.html> or <http://www.recovery.gov>.

- (a) This award requires the recipient to complete projects or activities which are funded under the American Recovery and Reinvestment Act of 2009 ("Recovery Act or ARRA") and to report on use of Recovery Act funds provided through this award. Information from these reports will be made available to the public.
- (b) The first report is due no later than ten calendar days after the initial calendar quarter in which the recipient receives the assistance award funded in whole or in part by the Recovery Act, or July 10, 2009. Thereafter, reports shall be submitted no later than the 10th day after the end of each calendar quarter.
- (c) Recipients and their first-tier subrecipients (but not vendors for goods and services as distinguished in § __.210 of the attachment to OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations") must maintain current registrations in the Central Contractor Registration (www.ccr.gov) at all times during which they have active federal awards funded with Recovery Act funds.
- (d) The recipient shall report the information described in section 1512(c) using the reporting instructions and data elements that will be provided online at www.FederalReporting.gov, and will provide any additional information required by the Department, unless the information is pre-populated in www.FederalReporting.gov and in any additional form required by the Department. For infrastructure investment projects, the recipient, or appropriate chief executive, must post an online certification that the infrastructure investment received the full review and vetting required by law and that the recipient accepts responsibility that the investment is an appropriate use of taxpayer funds. This certification along with other required information such as a description of the investment, estimated total cost, and amount of Recovery Act funds to be used, must be posted and linked on the Recovery Accountability and Transparency Board website. C. Award Term— Required Use of American Iron, Steel, and Manufactured Goods— Section 1605 of the American Recovery and Reinvestment Act of 2009

- (a) *Definitions.* As used in this specific award term and condition—

ATTACHMENT A
VR ARRA Grant Terms and Conditions

“Construction material” means iron, steel, or manufactured goods brought to the construction site by the recipient, subrecipient or a subcontractor for incorporation into the public building or public work. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site.

“Manufactured good or product” means an item incorporated into the physical structure of the public building or used in a public work that is the result of processing materials by way of machinery and/or labor that produce a substantially different item. Where the basic form or function of the material processed remains the same, or the processing does not add value to the item, it is not manufactured. There is no requirement with regard to the origin of components or subcomponents in manufactured goods or products, as long as the manufacture of the goods occurs in the United States.

“Public building” and “public work” means a public building of, and a public work of, a governmental entity (the United States, the District of Columbia, commonwealths and territories of the United States and minor outlying islands, and State and local governments). These buildings and works may include, without limitation, bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, pumping stations, heavy generators, railways, airports, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, and canals, and the construction, alteration, maintenance, or repair of such buildings and works.

“Steel” means an alloy that includes at least 50 percent iron, between .02 and 2 percent carbon, and may include other elements.

(b) *Domestic preference.*

- (1) This award term and condition implements Section 1605 of the American Recovery and Reinvestment Act of 2009 (Recovery Act) (Pub. L. 111-5), by requiring that all iron, steel, and other manufactured goods used in the project are produced in the United States except as provided in paragraph (b)(3) and (b)(4) of this term and condition.
- (2) This requirement does not apply to the material listed by the Government as follows:

NONE

- (3) The award official may add other iron, steel, and/or other manufactured goods to the list in paragraph (b)(2) of this term and condition if the Federal Government determines that—
 - (i) The cost of the domestic iron, steel, and/or manufactured goods would be unreasonable. The cost of domestic iron, steel, or manufactured goods used in the project is unreasonable when the cumulative cost of such

ATTACHMENT A
VR ARRA Grant Terms and Conditions

material will increase the cost of the overall project by more than 25 percent;

- (ii) The iron, steel, and/or manufactured goods is not produced or manufactured in the United States in sufficient and reasonably available quantities and of a satisfactory quality; or
- (iii) The application of the restriction of section 1605 of the Recovery Act would be inconsistent with the public interest.

(c) *Request for determination of inapplicability of Section 1605 of the Recovery Act.*

- (1) (i) Any recipient request to use foreign iron, steel, and/or manufactured goods in accordance with paragraph (b)(3) of this term and condition shall include adequate information for Federal Government evaluation of the request, including—
 - (A) A description of the foreign and domestic iron, steel, and/or manufactured goods;
 - (B) Unit of measure;
 - (C) Quantity;
 - (D) Cost;
 - (E) Time of delivery or availability;
 - (F) Location of the construction project;
 - (G) Name and address of the proposed supplier; and
 - (H) A detailed justification of the reason for use of foreign iron, steel, and/or manufactured goods cited in accordance with paragraph (b)(3) of this term and condition.
 - (ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed cost comparison table in the format in paragraph (d) of this term and condition.
 - (iii) The cost of iron, steel, and/or manufactured goods shall include all delivery costs to the construction site and any applicable duty.
 - (iv) Any recipient request for a determination submitted after Recovery Act funds have been obligated for a project for construction, alteration, maintenance or repair shall explain why the recipient could not reasonably foresee the need for such determination and could not have requested the determination before the funds were obligated. If the recipient does not submit a satisfactory explanation, the award official need not make a determination.
- (2) If the Federal Government determines after award funds have been obligated for a project for construction, alteration, maintenance or repair that an exception to section 1605 of the Recovery Act applies, the award official will amend the award to allow use of the foreign iron, steel, and/or manufactured goods. When the basis for the exception is nonavailability or public interest, the amended award shall reflect adjustment of the award amount or redistribution of budgeted funds, as appropriate, to cover costs associated with acquiring or using the foreign iron, steel, and/or manufactured goods. When the basis for the exception is the unreasonable cost of the domestic iron, steel, and/or manufactured goods, the award official shall adjust the

award amount or redistribute budgeted funds, as appropriate, by at least the differential established in 2 CFR 176.110(a).

- (3) Unless the Federal Government determines that an exception to section 1605 of the Recovery Act applies, use of foreign iron, steel, and/or manufactured goods is noncompliant with section 1605 of the American Recovery and Reinvestment Act.

- (d) *Data.* To permit evaluation of requests under paragraph (c) of this term and condition based on unreasonable cost, the Recipient shall include the following information and any applicable supporting data based on the survey of suppliers:

VR ARRA Grant Terms and Conditions

- (1) This award term and condition implements
 - (i) Section 1605 of the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5) (Recovery Act), by requiring that all iron, steel, and manufactured goods used in the project are produced in the United States; and
 - (ii) Section 1605(d), which requires application of the Buy American requirement in a manner consistent with U.S. obligations under international agreements. The restrictions of section 1605 of the Recovery Act do not apply to designated country iron, steel, and manufactured goods. The Buy American requirement in section 1605 shall not be applied where the iron, steel or manufactured goods used in the project are from a Party to an international agreement that obligates the recipient to treat the goods and services of that Party the same as domestic goods and services, or where the iron, steel or manufactured goods are from a least developed country. This obligation shall only apply to projects with an estimated value of \$7,443,000 or more.
- (2) The recipient shall use only domestic or designated country iron, steel, and manufactured goods in performing the work funded in whole or part with this award, except as provided in paragraphs (b)(3) and (b)(4) of this term and condition.

When the basis for the exception is nonavailability or public interest, the amended award shall reflect adjustment of the award amount or redistribution of budgeted funds, as appropriate, to cover costs associated with acquiring or using the foreign iron, steel, and/or relevant manufactured goods. When the basis for the exception is the unreasonable cost of the domestic iron, steel, or manufactured goods, the award official shall adjust the award amount or redistribute budgeted funds, as appropriate, by at least the differential established in 2 CFR 176.110(a).

E. Award Term—Wage Rate Requirements under Section 1606 of the American Recovery and Reinvestment Act of 2009

- a) Section 1606 of the Recovery Act requires that all laborers and mechanics employed by contractors and subcontractors on projects funded directly by or assisted in whole or in part by and through the Federal Government pursuant to the Recovery Act shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with subchapter IV of chapter 31 of title 40, United States Code.

Pursuant to Reorganization Plan No. 14 and the Copeland Act, 40 U.S.C. 3145, the Department of Labor has issued regulations at 29 CFR Parts 1, 3, and 5 to implement the Davis-Bacon and related Acts. Regulations in 29 CFR 5.5 instruct agencies concerning application of the standard Davis-Bacon contract clauses set forth in that section. Federal agencies providing grants under the Recovery Act shall ensure that the standard Davis-Bacon contract clauses found in 29 CFR 5.5(a) are incorporated in any resultant covered contracts that are in excess of \$2,000 for construction, alteration or repair (including painting and decorating).

- (b) For additional guidance on the wage rate requirements of section 1606, contact your awarding agency. Grant recipients should direct their initial inquiries concerning the application of Davis-Bacon requirements to a particular federally assisted project to the Federal agency funding the project. The Secretary of Labor retains final coverage authority under Reorganization Plan Number 14.
